HEAVY INDUSTRY**

PURE PRECISION ➤ PURE PERFECTION

YOUR PARTNER in welding equipment for heavy industry

At Newparts – Spareparts, we understand the importance of continuous and stable welding. That's why our products are designed with a focus on precision, durability, and user-friendliness. We manufacture and sell a wide range of welding equipment, including welding torches, welding nozzles, wire straighteners, line feeder drive wheels, and powder dosing screws. Our assortment includes both standard components and customized solutions that meet your specific needs.

Thorough Communication from the Start

We understand that needs and preferences can vary, so we're happy to discuss this with you before you make your choice. This way, we can find the product that best suits you.

Why Choose Newparts – Spareparts?

Our contact nozzles have longer durability than standard nozzles on the market. This ensures less downtime and lower costs for replacement and maintenance. We know that each industry has unique needs, which is why we offer tailored solutions that ensure optimal performance in your specific application.

Our products are designed with user-friendliness in mind, making them easy to service and maintain. Avoid operational stoppages and maximize your productivity.
